# Zadanie projektu

- Implementovať desktopovú aplikáciu na správu médií s videoobsahom.
- Implementácia nad platformou Java.
- GUI by malo splňovať CUA pravidlá.
- Vstup a výstup kartotéky bude zošit v ODF.

# Funkčné požiadavky

- Pridanie kategórie média
- Pridanie média do kategórie
- Vyhľadávanie média v kartotéke
- Odstránenie média z kartotéky
- Odstránenie prázdnej kategórie
- Zmena kategórie média

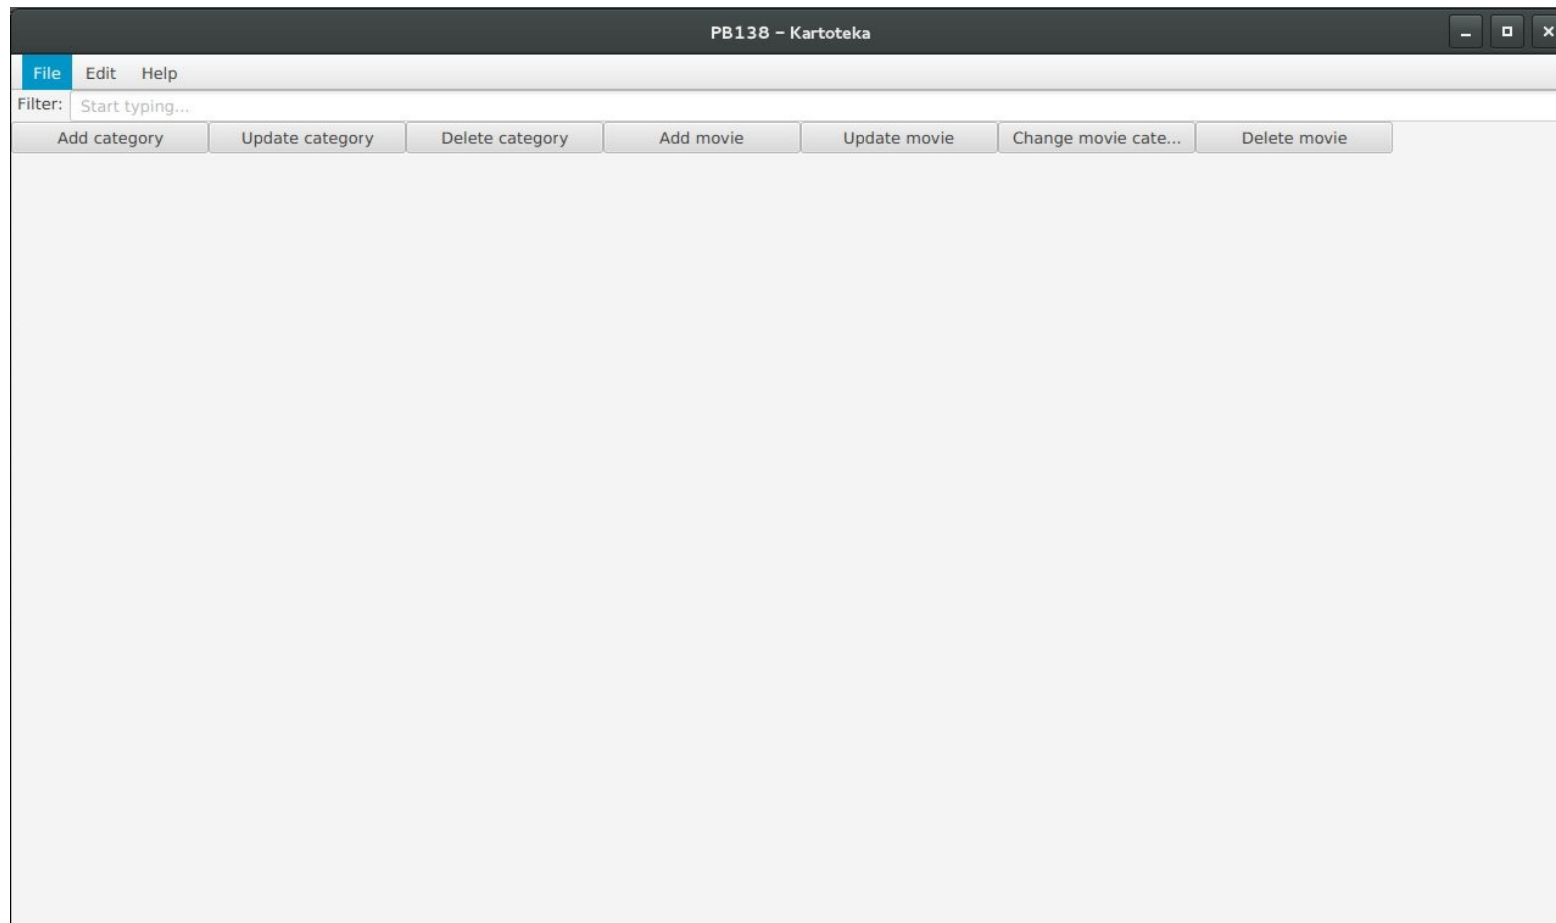

# Backend

- 2 Entity
  - Film
  - Kategória
- Loader – [Apache ODFToolkit](#)
- Manažér kartotéky
- Logovanie jednotlivých akcií

# Frontend

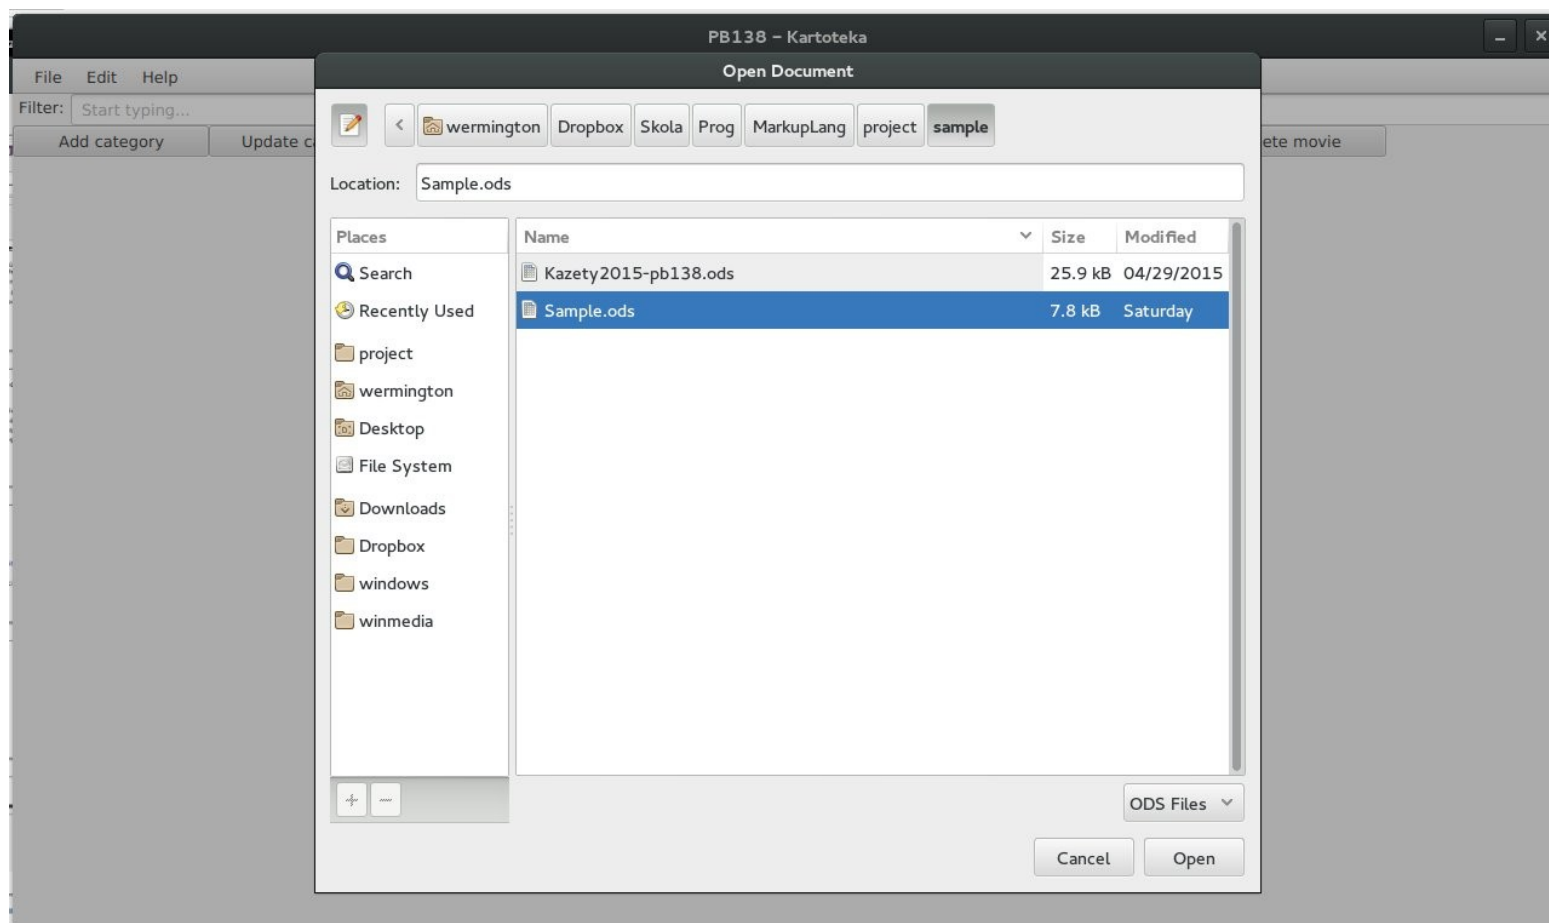

- Java FX
- Internacionalizácia
  - Slovenčina
  - Čeština
  - Angličtina
- Klávesové skratky
- Status bar

# Frontend

# Zmena kategórie

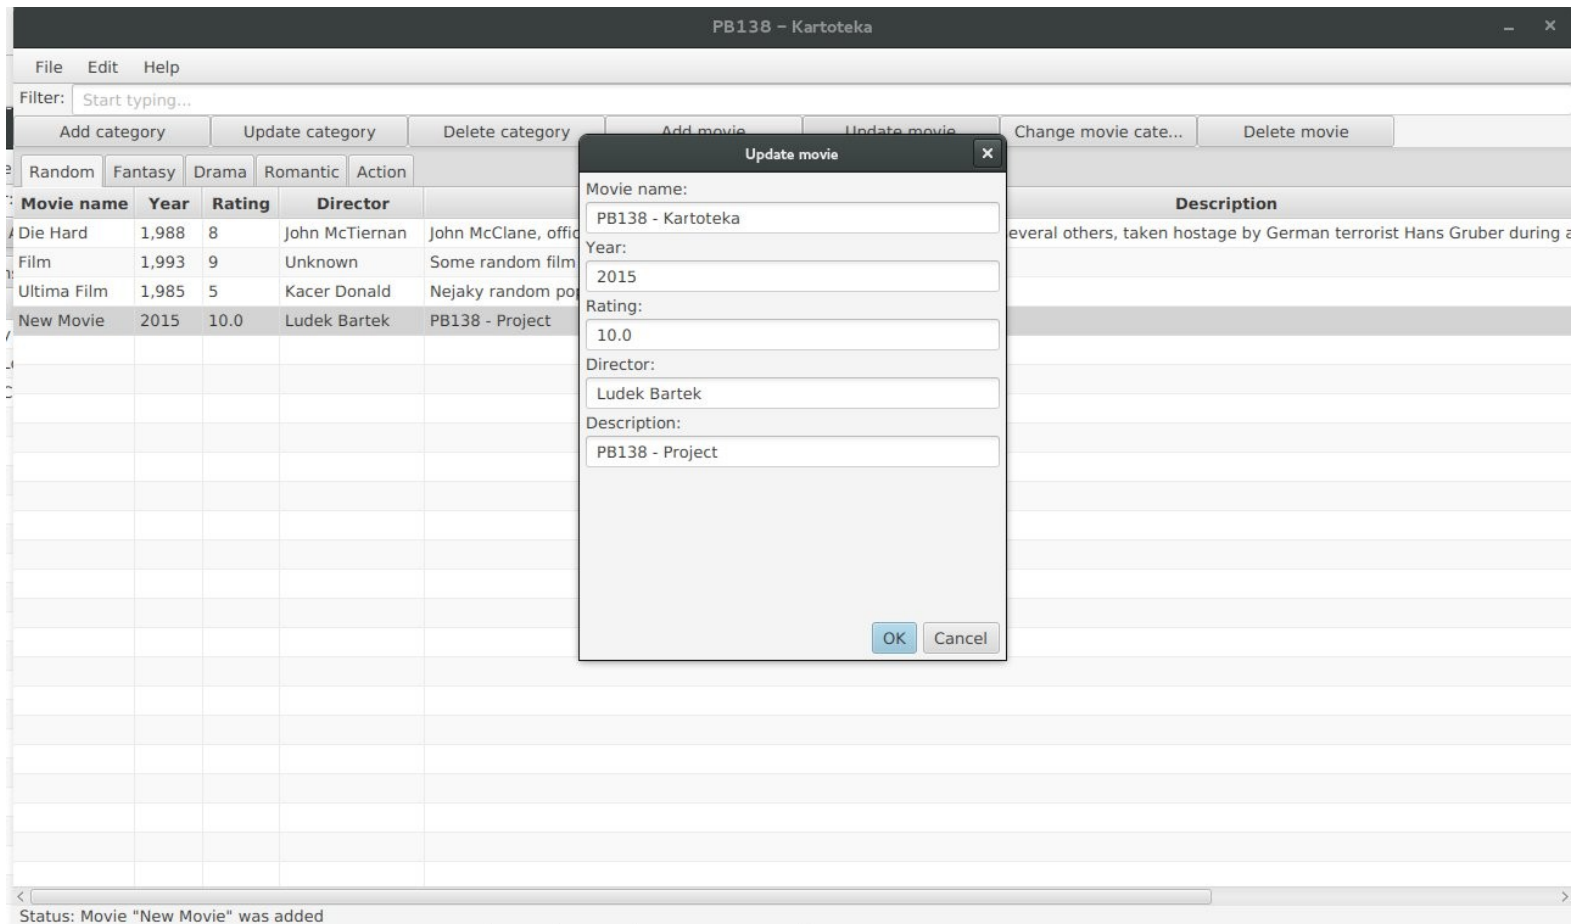

# Pridanie filmu

The screenshot shows the 'Add movie' dialog box in the PB138 - Kartoteka application. The dialog has a title bar with 'Add movie' and a close button. It contains the following fields and buttons:

- Movie name:** A text input field with the placeholder 'New Movie'.
- Year:** A text input field with the placeholder 'Enter release date...'.
- Rating:** A text input field with the placeholder 'Enter rating...'.
- Director:** A text input field with the placeholder 'Enter director name...'.
- Description:** A text input field with the placeholder 'Enter movie description...'.
- Buttons:** 'OK' and 'Cancel' buttons at the bottom right.

The background application window shows a table of movies with columns: Movie name, Year, Rating, Director, and Description. The table contains three rows of data. The sidebar on the left has buttons for 'Add category', 'Update category', and 'Delete category', along with a 'Filter' input field. The bottom status bar shows the message: 'Status: Following category was updated:Random'.

# Editácia filmu

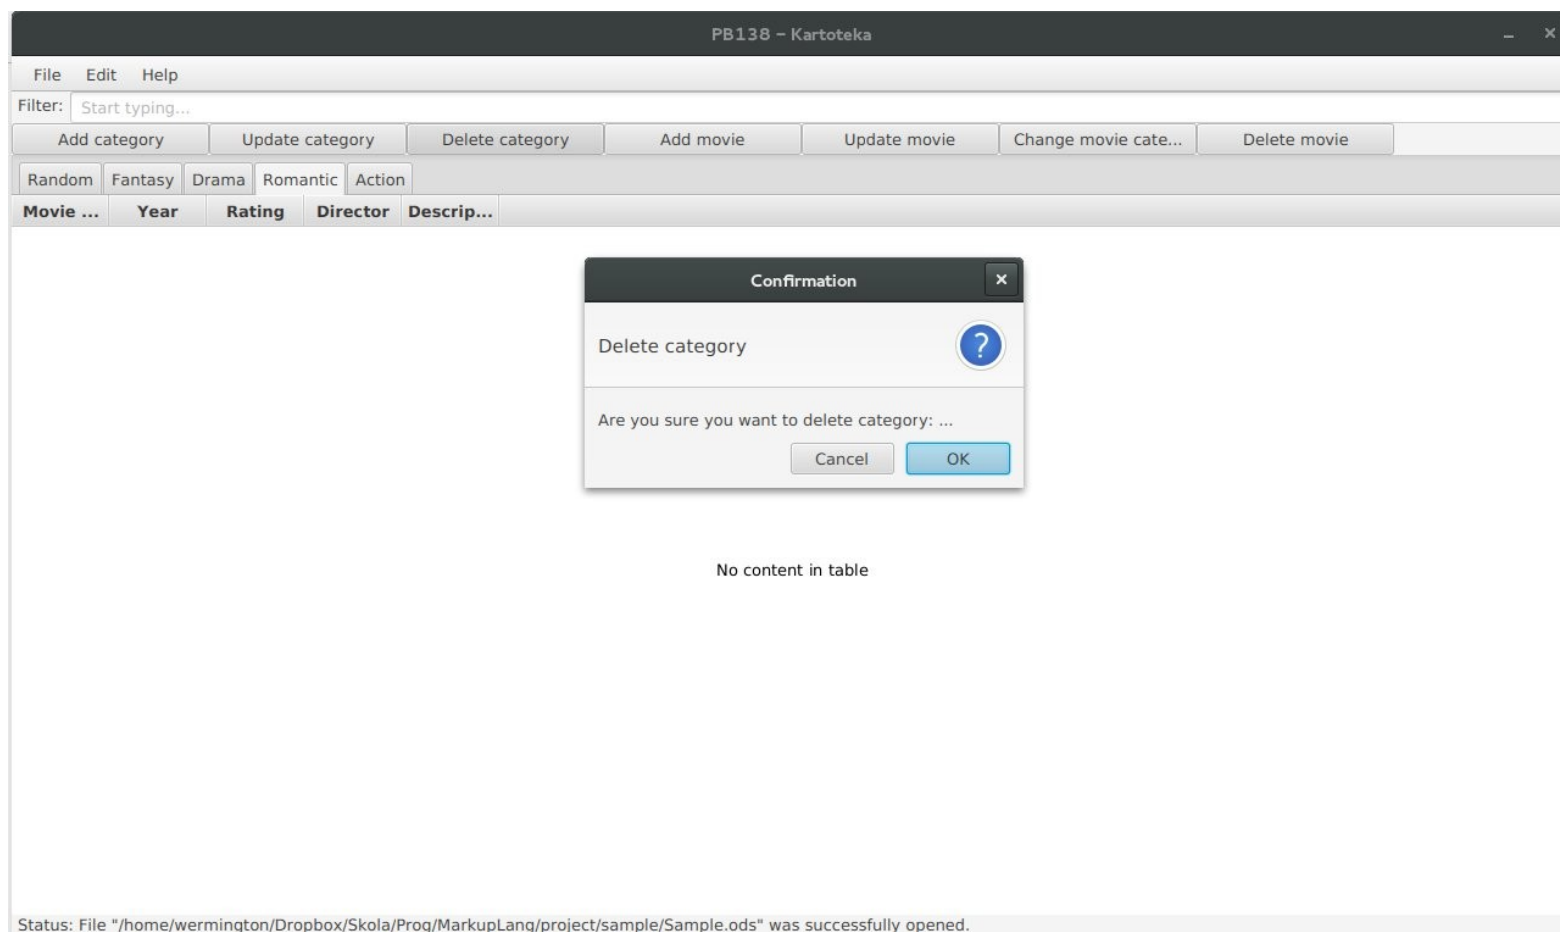

# Zmena kategórie filmu

The screenshot shows a web-based application for managing a movie database. At the top is a menu bar with "File", "Edit", and "Help". Below it is a search filter labeled "Filter:" followed by a text input field containing "Start typing...". A row of action buttons follows: "Add category", "Update category", "Delete category", "Add movie", "Update movie", "Change movie cate...", and "Delete movie". Underneath are five tabs for genre filtering: "Random", "Fantasy", "Drama", "Romantic", and "Action". The main area contains a table with columns "Movie name", "Year", "Rating", "Director", and "Description". The first row lists the movie "Titanic" from 1997 with a rating of 8, directed by James Cameron, with a description starting "A seventeen-year-old aristocrat". An "Update movie" dialog box is open over the first row, showing the current category as "Romantic" and a dropdown menu set to "Random". The dialog has "OK" and "Cancel" buttons at the bottom.

# Zmanazanie kategórie

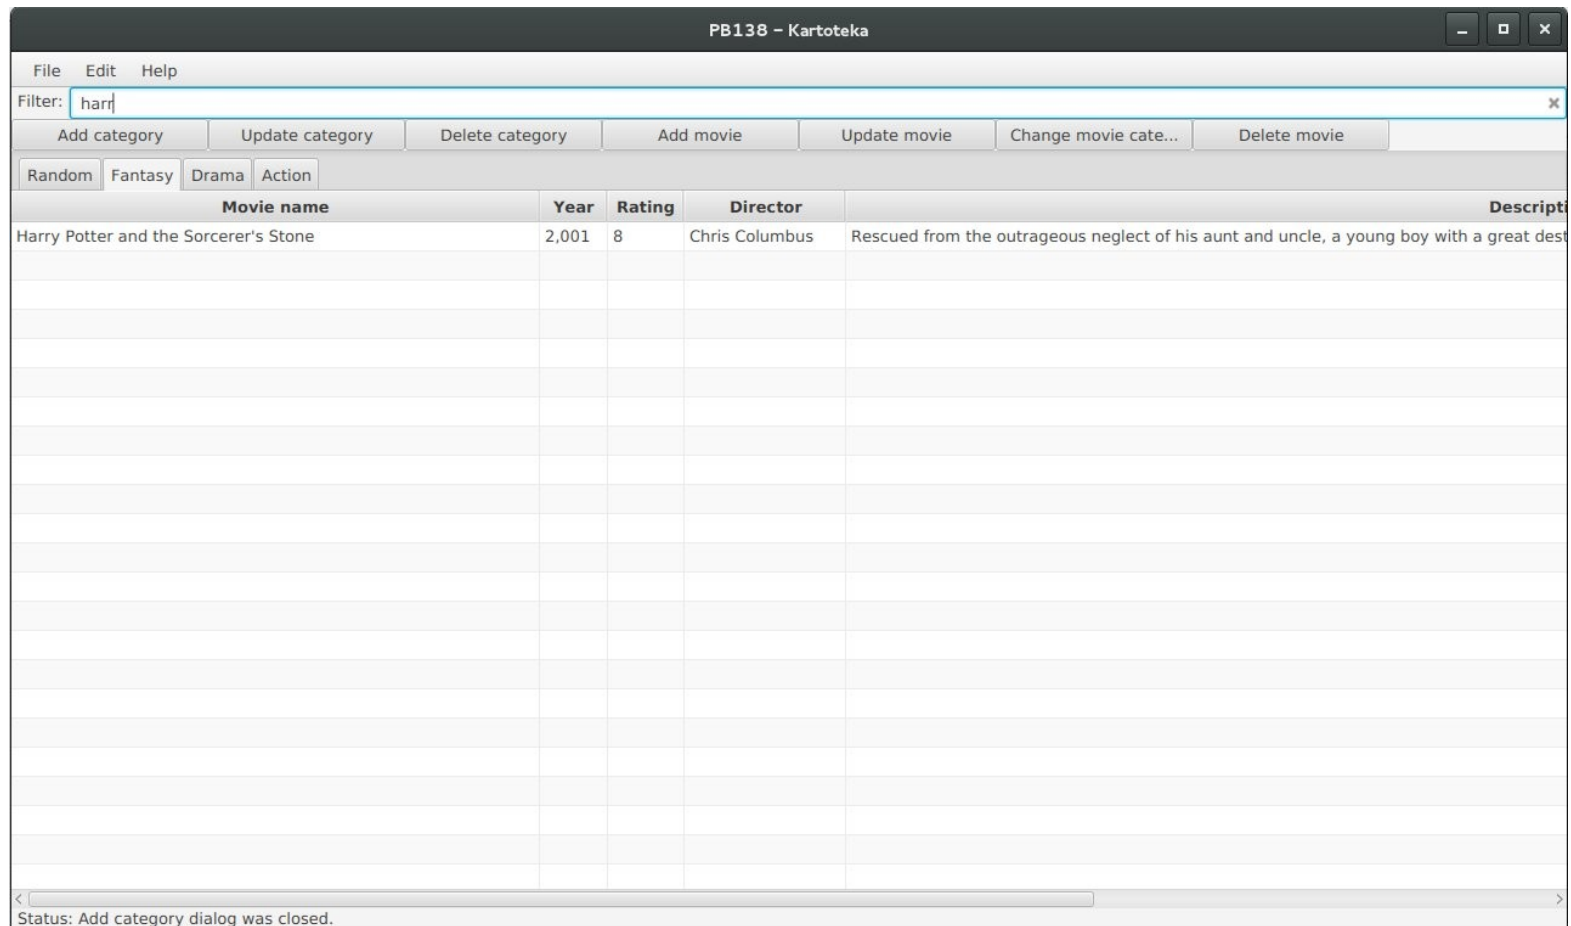

# Zmazanie filmu

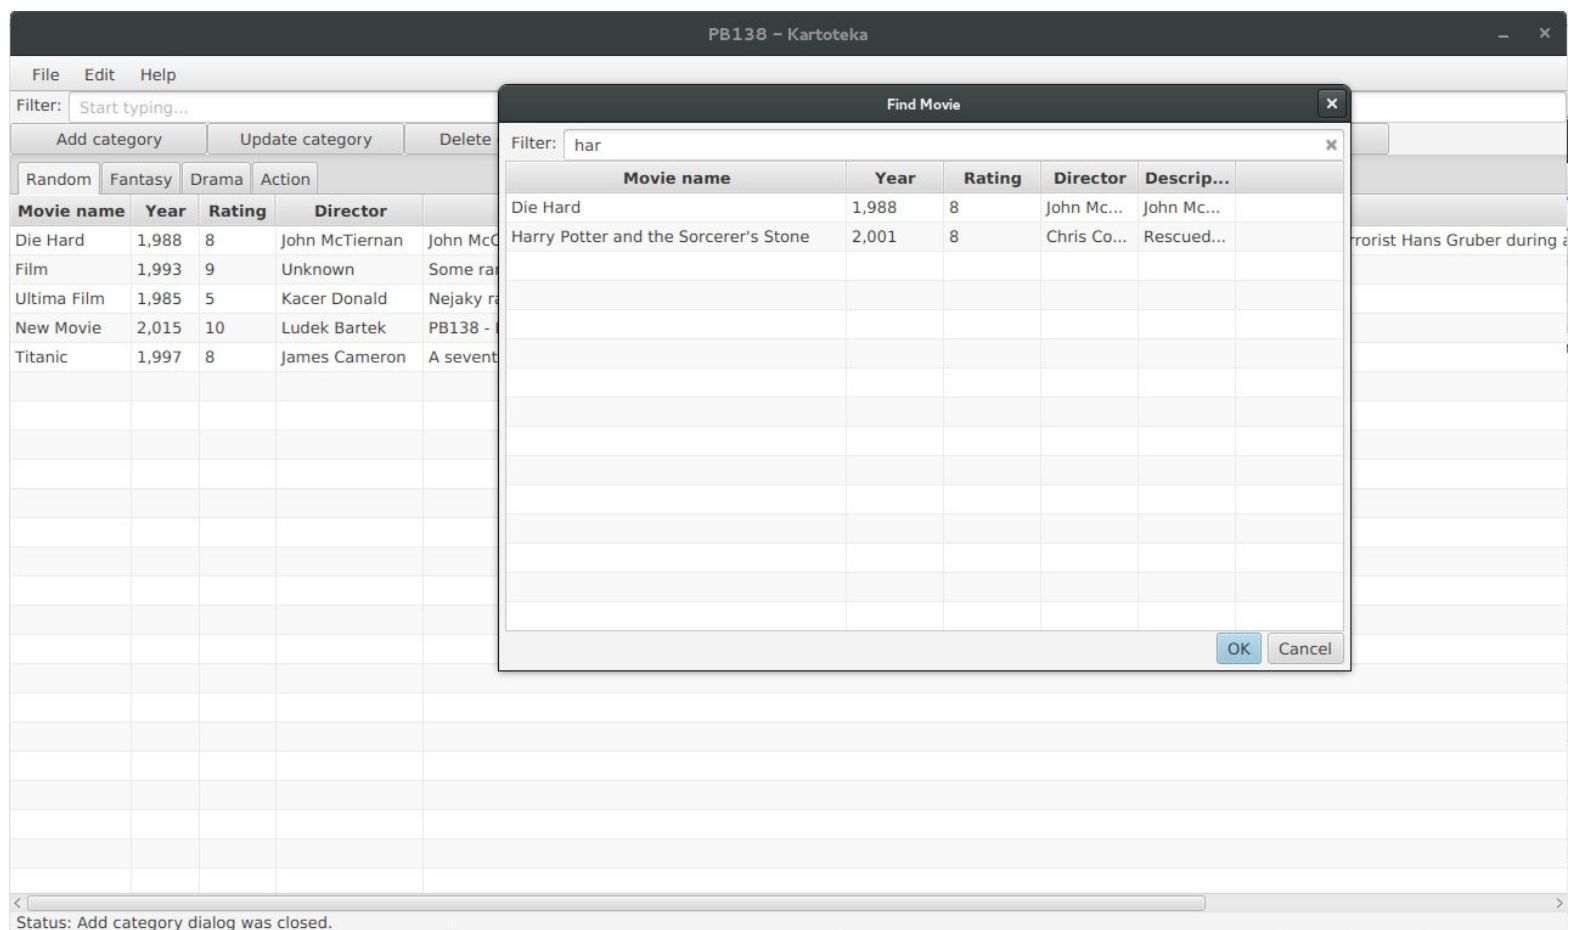

The screenshot shows a web application for managing a movie database. At the top, there is a menu bar with 'File', 'Edit', and 'Help'. Below the menu bar is a 'Filter:' input field with the placeholder text 'Start typing...'. Underneath the filter are several buttons: 'Add category', 'Update category', 'Delete category', 'Add movie', 'Update movie', 'Change movie cate...', and 'Delete movie'. Below these buttons is a row of category buttons: 'Random', 'Fantasy', 'Drama', and 'Action'. The main part of the interface is a table with the following columns: 'Movie name', 'Year', 'Rating', 'Director', and 'Description'. The table contains two rows of data: 'Requiem for a Dream' (Year: 2,000, Rating: 8, Director: Darren Aronofsky, Description: The drug-induced utopias of four Coney Island people are shattered when their addictions become stronger.) and 'Javatar' (Year: 2,010, Rating: 10, Director: Lenny Linux, Description: Java rulez.). A confirmation dialog box is open in the center of the screen. The dialog has a title bar 'Confirmation' with a close button. The main content of the dialog says 'Delete movie' with a question mark icon, followed by the text 'Are you sure you want to delete movie "Requiem ...'. At the bottom of the dialog are two buttons: 'Cancel' and 'OK'.

Movie name	Year	Rating	Director	Description
Requiem for a Dream	2,000	8	Darren Aronofsky	The drug-induced utopias of four Coney Island people are shattered when their addictions become stronger.
Javatar	2,010	10	Lenny Linux	Java rulez.
